Bureau of Instructional Media Services
Department of Public Instruction
Commonwealth of Pennsylvania
Box 911, Harrisburg, Pa. 17126

Dear Blaze:

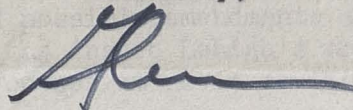

It has been a long time since we last worked together, and, I am no longer involved in administration. However, I can give you the information you requested.

The chairman of the Lehigh Committee on the FM application is:

Mr. Joseph H. Reynolds
Assistant to the Dean of Student Affairs
University Center, Lehigh University
Bethlehem, Pennsylvania 18015

Dean Reynolds knows of your inquiry and will expect to hear from you. You will find him a fine person to work with.

Sincerely,

Glenn J. Christensen

Dear Glen:

It has been a long time since we sat together, in concert with John Cartwright, to pave the way for the design and ultimate development of the educational television station Channel 39. 1962-63 does not seem so long ago.

Once again the Pennsylvania Department of Education has developed a State Plan, (copy attached), for local and regional involvement in the development of broadcasting, i.e., now radio. However, our plan, now before the Federal Communications Commission in Washington, Rule Making 1504, is experiencing some difficulty with relationship to Lehigh University's request for a 10-watt station on a frequency planned for broader coverage and broader educational involvement and utility.

I am writing for assistance in solving the problems we have relating to Lehigh University's radio plans and possible amendments and changes which will facilitate our State Plan as well as insure Lehigh's program. We see the University as a major role. Can you assist me in contacting the proper people at Lehigh?

Your assistance in this matter will be appreciated.

Sincerely,

Blaze J. Gusic
